GW-5200 PURITY™ LINT FREE WIPES

The Greenwipes® GW5200 PURITY is a flexible and lightweight lint free wipes that is thin enough to fit through narrow spaces and clean fine parts without tearing apart. These soft and absorbent cleanroom wipes are soft, absorbent and made from plant-based materials to give them added resistance when cleaning hot surfaces.

Greenwipes® PURITY lint free wipes give you the best value for general light cleaning in less critical areas in regulated environments.

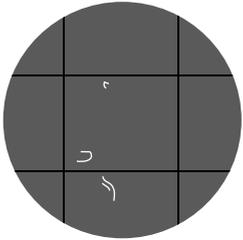

Designed For:

Less critical environment and surfaces where particle and chemical contamination is a concern. .

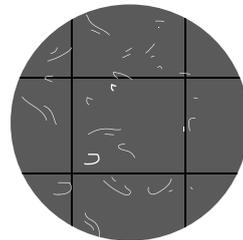

Ideal For:

Laboratories and life science practitioners who require a contaminant free and lightweight wiping material for light cleaning jobs on all kinds of surfaces.
