

SECTION 1 : PRODUCT AND COMPANY IDENTIFICATION

Product name: BBBB-8135 Bath Buddy
 Product code: BBBB-8135
 Brand: Greenwipes®
 Product use: Water-based wet wipe intended for external body cleansing.

Manufacturer: RPD Sdn Bhd
 Address: 15 Jalan Astana 1C, Gateway Industrial Park, Bukit Raja, 41050, Klang Slangor, Malaysia
 Telephone: 60 333 115 981

SECTION 2 : HAZARD IDENTIFICATION

Emergency Overview: Product is not hazardous under normal conditions of use. May cause minor mechanical irritation to eyes if fibers are released.

EU Classification (1272/2008 CLP): Not classified as hazardous.
 US OSHA Classification (29 CFR 1910.1200): Not classified as hazardous.
 GHS Classification: Not hazardous.
 GHS Label Elements: No pictogram or signal word required.

Hazard Statements: None.

Precautionary Statements: Avoid contact with eyes.
 Do not ingest
 Dispose of used wipes in accordance with local regulations.

SECTION 3 : COMPOSITION OR INFORMATION ON INGREDIENTS

Chemical Name	CAS-No/EINECH-No	%	EU Classification (67/548/EEC)
Water (Purified / Deionized Water)	7732-18-5	90	Not classified as hazardous
Minor additives (e.g. humectants, preservatives)	Proprietary	≤ 1	Not classified as hazardous

SECTION 4 : FIRST AID MEASURES

Inhalation: No adverse inhalation effects are known or expected under normal conditions of use. Inhalation exposure is not anticipated at ambient temperatures. If respiratory discomfort occurs, move the person to fresh air.

Skin contact: No first aid measures are required for normal use. If skin irritation occurs, discontinue use and rinse the affected area with water.

Eye contact: No first aid measures are required for normal use. If product or fibers enter the eyes and cause discomfort, rinse cautiously with clean water. Seek medical advice if irritation persists.

Ingestion: Ingestion is not a likely route of exposure. If accidentally swallowed, rinse your mouth with water. Do not induce vomiting. Seek medical advice if discomfort occurs.

SECTION 5 : FIRE FIGHTING MEASURES

Suitable extinguishing media: Use extinguishing media appropriate for the surrounding fire. Water spray, dry chemical, foam, or carbon dioxide (CO₂) may be used.

Specific hazards arising from the product: The product itself is not flammable. In the event of a fire involving packaging or surrounding materials, combustion may produce carbon monoxide (CO), carbon dioxide (CO₂), and other irritating fumes. Avoid inhalation of smoke or combustion gases.

Protective equipment and precautions for firefighters: Firefighters should wear self-contained breathing apparatus (SCBA) and full protective clothing when fighting fires involving surrounding materials.

SECTION 6 : ACCIDENTAL RELEASE MEASURES

Personal precautions, protective environment: No special precautions are required for normal handling. Avoid generating dust or fibers. Wear gloves if prolonged contact with used material is expected.

Environmental precautions: Prevent large quantities of waste material from entering drains, sewers, or waterways. Dispose of in accordance with local environmental regulations.

Methods and materials for containment and clean up: Collect and dispose of material using normal waste disposal methods. Sweep, gather, or pick up spilled wipes and place them in an appropriate container for disposal. Clean the affected area as necessary.

SECTION 7 : HANDLING AND STORAGE

Advice on safe handling: No special handling advice required.

Advice on protection against fire and explosion: No special handling precautions are required under normal conditions of use. Handle in accordance with general hygiene and safety practices.

Hygiene measures: No special fire protection measures are required. As with most consumer products, keep the product and its packaging away from excessive heat and open flames.

SECTION 8 : EXPOSURE CONTROL AND PERSONAL PROTECTION

Chemical Name	Exposure Limit(s)
Water (Purified / Deionized Water)	No occupational exposure limit established.

Minor cosmetic-grade additives ($\leq 1\%$)	No occupational exposure limit established.
---	---

Engineering Controls:	General room ventilation is adequate under normal conditions of use. No special ventilation is required.
Respiratory Protection:	General room ventilation is adequate under normal conditions of use. No special ventilation is required.
Hand Protection:	Gloves are recommended if prolonged contact with used or soiled clothes is expected.
Eye Protection:	Not required for normal use. Eye protection may be used if handling large quantities or if accidental splashing is possible.
Skin and Body Protection:	No special protective clothing is required.
Hygiene Measures:	Wash hands after handling. Avoid contact with eyes. Do not eat, drink, or smoke during use.

SECTION 9 : PHYSICAL AND CHEMICAL PROPERTIES

Property	Description
Physical state	Solid (nonwoven wipe impregnated with liquid)
Appearance	Solid (nonwoven wipe impregnated with liquid)
Odor	Odorless or very mild
Odor threshold	Not applicable
pH	Approximately neutral (about 6.0 – 7.5)
Melting point/Freezing point	Not applicable
Flash point	Not applicable (water-based, non-flammable)
Evaporation rate	Not applicable
Flammability	Not flammable. Dried material may burn if exposed to fire.
Vapor pressure	Not applicable / negligible
Vapor density	Not applicable
Relative density	Approximately 1.0 (liquid portion)
Solubility	Liquid portion is completely soluble in water
Partition coefficient: n-octanol/water	Not applicable
Auto-ignition temperature	Not applicable
Decomposition temperature	Not determined
Viscosity	Not applicable

SECTION 10 : STABILITY AND REACTIVITY

Property	Description
Chemical stability	Stable under normal storage and handling conditions
Possibility of hazardous reactions	No hazardous reactions are known under normal conditions of use.
Conditions to avoid	Excessive heat, direct sunlight, and open flames.
Incompatible materials	Strong oxidizing agents
Hazardous decomposition products	No hazardous decomposition products are expected under normal use. Carbon oxides (CO, CO ₂) may be formed if the product is involved in a fire.

SECTION 11 : TOXICOLOGICAL INFORMATION

Property	Description
Acute toxicity	No data available; not expected to be toxic
Skin corrosion/irritation	Not expected to cause irritation under normal use
Serious eye damage/irritation	Not expected to cause irritation
Respiratory or skin sensitization	Not expected to be a sensitizer
Germ cell mutagenicity	Not applicable
Carcinogenicity	Not classified as carcinogenic
Reproductive toxicity	Not applicable
STOT-single exposure	No effects known
STOT-repeated exposure	No effects known
Aspiration hazard	Not applicable

SECTION 12 : ECOLOGICAL INFORMATION

Aspect	Description
Ecotoxicity	Not expected to be harmful to aquatic life
Persistence and degradability	Cellulose is not biodegradable; polyester is not readily biodegradable
Bioaccumulative potential	Low
Mobility in soil	Not significant
Other adverse effects	None known

SECTION 13 : DISPOSAL CONSIDERATION

Aspect	Description
Waste treatment methods	Dispose of in accordance with local regulations
Product disposal	Non-hazardous; may be disposed of as general waste
Contaminated packaging	Dispose of according to local regulations

SECTION 14: TRANSPORT INFORMATION

Aspect	Description
UN number	Not applicable
UN proper shipping name	Not regulated
Transport hazard class	Not applicable
Packing group	Not applicable
Environmental hazards	Not applicable
Special precautions	None required

SECTION 15: REGULATORY INFORMATION

Aspect	Description
Safety, health and environmental regulations	This product is not classified as hazardous according to EU Regulation (EC) No. 1272/2008 (CLP) or OSHA Hazard Communication Standard (29 CFR 1910.1200)
Chemical inventory	All components are listed or exempted from major chemical inventories (TSCA, EINECS, etc.)

SECTION 16: OTHER INFORMATION

The information provided in this document is based on our current knowledge and experience and is intended to describe the product solely in terms of health, safety, and environmental requirements. It should not be interpreted as a guarantee of specific properties, performance, or suitability for any particular application. Users are responsible for determining the appropriateness of this product for their intended use and for complying with all applicable regulations and standards. The manufacturer shall not be held liable for any loss, damage, or injury resulting from improper use, handling, or storage of the product. Continuous improvement may lead to changes in the information contained herein without prior notice.
